DETAILED ACTION

Allowable Subject Matter

1. Claims 1-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record neither anticipated nor rendered obviousness that a liquid crystal panel comprises various elements as claimed, more specifically, as the following features:

an IPS mode liquid crystal display device in which a plurality of transparent inter-digital pixel electrode having first branched (fingers) extend parallel to the data lines and connected to the corresponding drain electrode through a first contact hole, a plurality of transparent inter-digital counter electrodes having second branched (fingers) extend parallel to the data lines and connected to the corresponding common line through a second contact hole, wherein a pixel region is defined by one of the data lines and one of the gate lines, and the first contact holes and the second contact holes are on the same side of the pixel region, and the first branched (fingers) and the second branched (fingers) are interlaced in the pixel region as shown in the Fig. 4 [claims 1 and 10].

The reference US 5,886,762 (Lee et al) shows a IPS liquid crystal display device in which a gate line and a data line define a pixel region, and the pixel electrodes and the counter electrodes having branches (fingers) are interlaced in the pixel region and connected to the drain and common line through contact holes as shown in Fig.4, but the prior art of record do not show the contact holes on the same side of the pixel region and as claimed in the claims 1 and 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mike Qi whose telephone number is (571) 272-2299. The examiner can normally be reached on M-T 8:00 am-5:00 pm.
